DETAILED ACTION

Priority

1. This application appears to be a division of Application No. 09/286,946, filed April 8, 1999. A later application for a distinct or independent invention, carved out of a pending application and disclosing and claiming only subject matter disclosed in an earlier or parent application is known as a divisional application or "division." The divisional application should set forth the portion of the earlier disclosure that is germane to the invention as claimed in the divisional application.

Information Disclosure Statement

2. Acknowledgment is made of receipt of applicant's Information Disclosure Statement (PTO-1449) filed August 15, 2003.

Allowable Subject Matter

3. Claims 19-26 are allowed.

The following is an examiner's statement of reasons for allowance:

Prior art of record neither teach nor make it obvious as a whole the claimed limitation of the instant application, as recited in claims 19 & 23, either taken alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
